MEMORANDUM

From: Ron Taraban 
UST Section

To: Bruce Parrish
Inactive Hazardous Sites

Bruce, On November 7, 2007, the UST Section received the enclosed LSA report for the Petro Express #31. The UST issue will be closed following a deed restriction for groundwater. A groundwater sample collected from MW-1 shows that 2-methylphenol and 3&4-methylphenol were detected at 4.2 and 1.4 ug/L, respectively.

Let me know if you have any questions.

-Ron
